DETAILED ACTION

Specification

Claim 25 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 25 depends on a cancelled claim 16.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 23 and 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 23, line 3, recites the limitation "threaded hole straddling the isolation channel". There is insufficient antecedent basis for this limitation in the claim. The statement is unclear as written. For the purpose of the Examination, the Examiner is interpreting the sentence to mean "the isolation channel straddling the threaded hole".

Allowable Subject Matter

Claims 21, 22 and 26 are allowed.
